

Pioneering Simple Solutions for Tough Odors Naturally Since 1979

ENVIRONMENTAL POLICY STATEMENT

Vaportek is committed to minimizing the impact of our activities on the environment. We actively encourage our customers, suppliers, and staff to join our conservation efforts to protect and safeguard the diverse world in which we live. Vaportek will continuously seek to improve environmental performance in the following ways:

- Minimize waste by evaluating operations and ensuring efficiency
- Actively promote recycling both internally and among our staff and suppliers; recycling and garbage bins are clearly labeled within our facility
- Minimize our environmental impact of production and distribution wherever possible
- Meet or exceed all the environmental legislation that relates to Vaportek as a manufacturer
- Raise awareness, encourage participation, and train employees

We have implemented the following current and ongoing environmental initiatives:

- Battery Program begun in 2014; battery bin is clearly labeled and located on the shop floor at the top of the filing cabinet
- Paper Recycle Program begun in 2014; paper bin is blue and located in the main office
- Installed solar panels in 2014
- Annual disposal of essential oils through a recycle/repurpose facility begun in 2015
- Follow an annual recycling schedule for outdated electronics since 2010
- Reduced our phosphorous output according to local laws in 2016
- Installed energy efficient LED lighting throughout our facility in 2016
- Cardboard Recycle Program in place since 2006
- Implemented a paperless initiative for our external and internal correspondence in 2014, including a “be green – keep it on the screen” statement at the bottom of all company emails
- Regrind Program of scrap and defective plastic products begun in 2016
- Since 1995, we’ve celebrated and supported Earth Day initiatives annually by having our staff walk our industrial park area to pick up garbage

Vaportek remains dedicated to maintaining environmentally preferable business practices. If you have suggestions of how Vaportek can further our success in this endeavor, please contact us at 262.246.5060.

Sincerely,

John D. Bryson, Jr.
President
